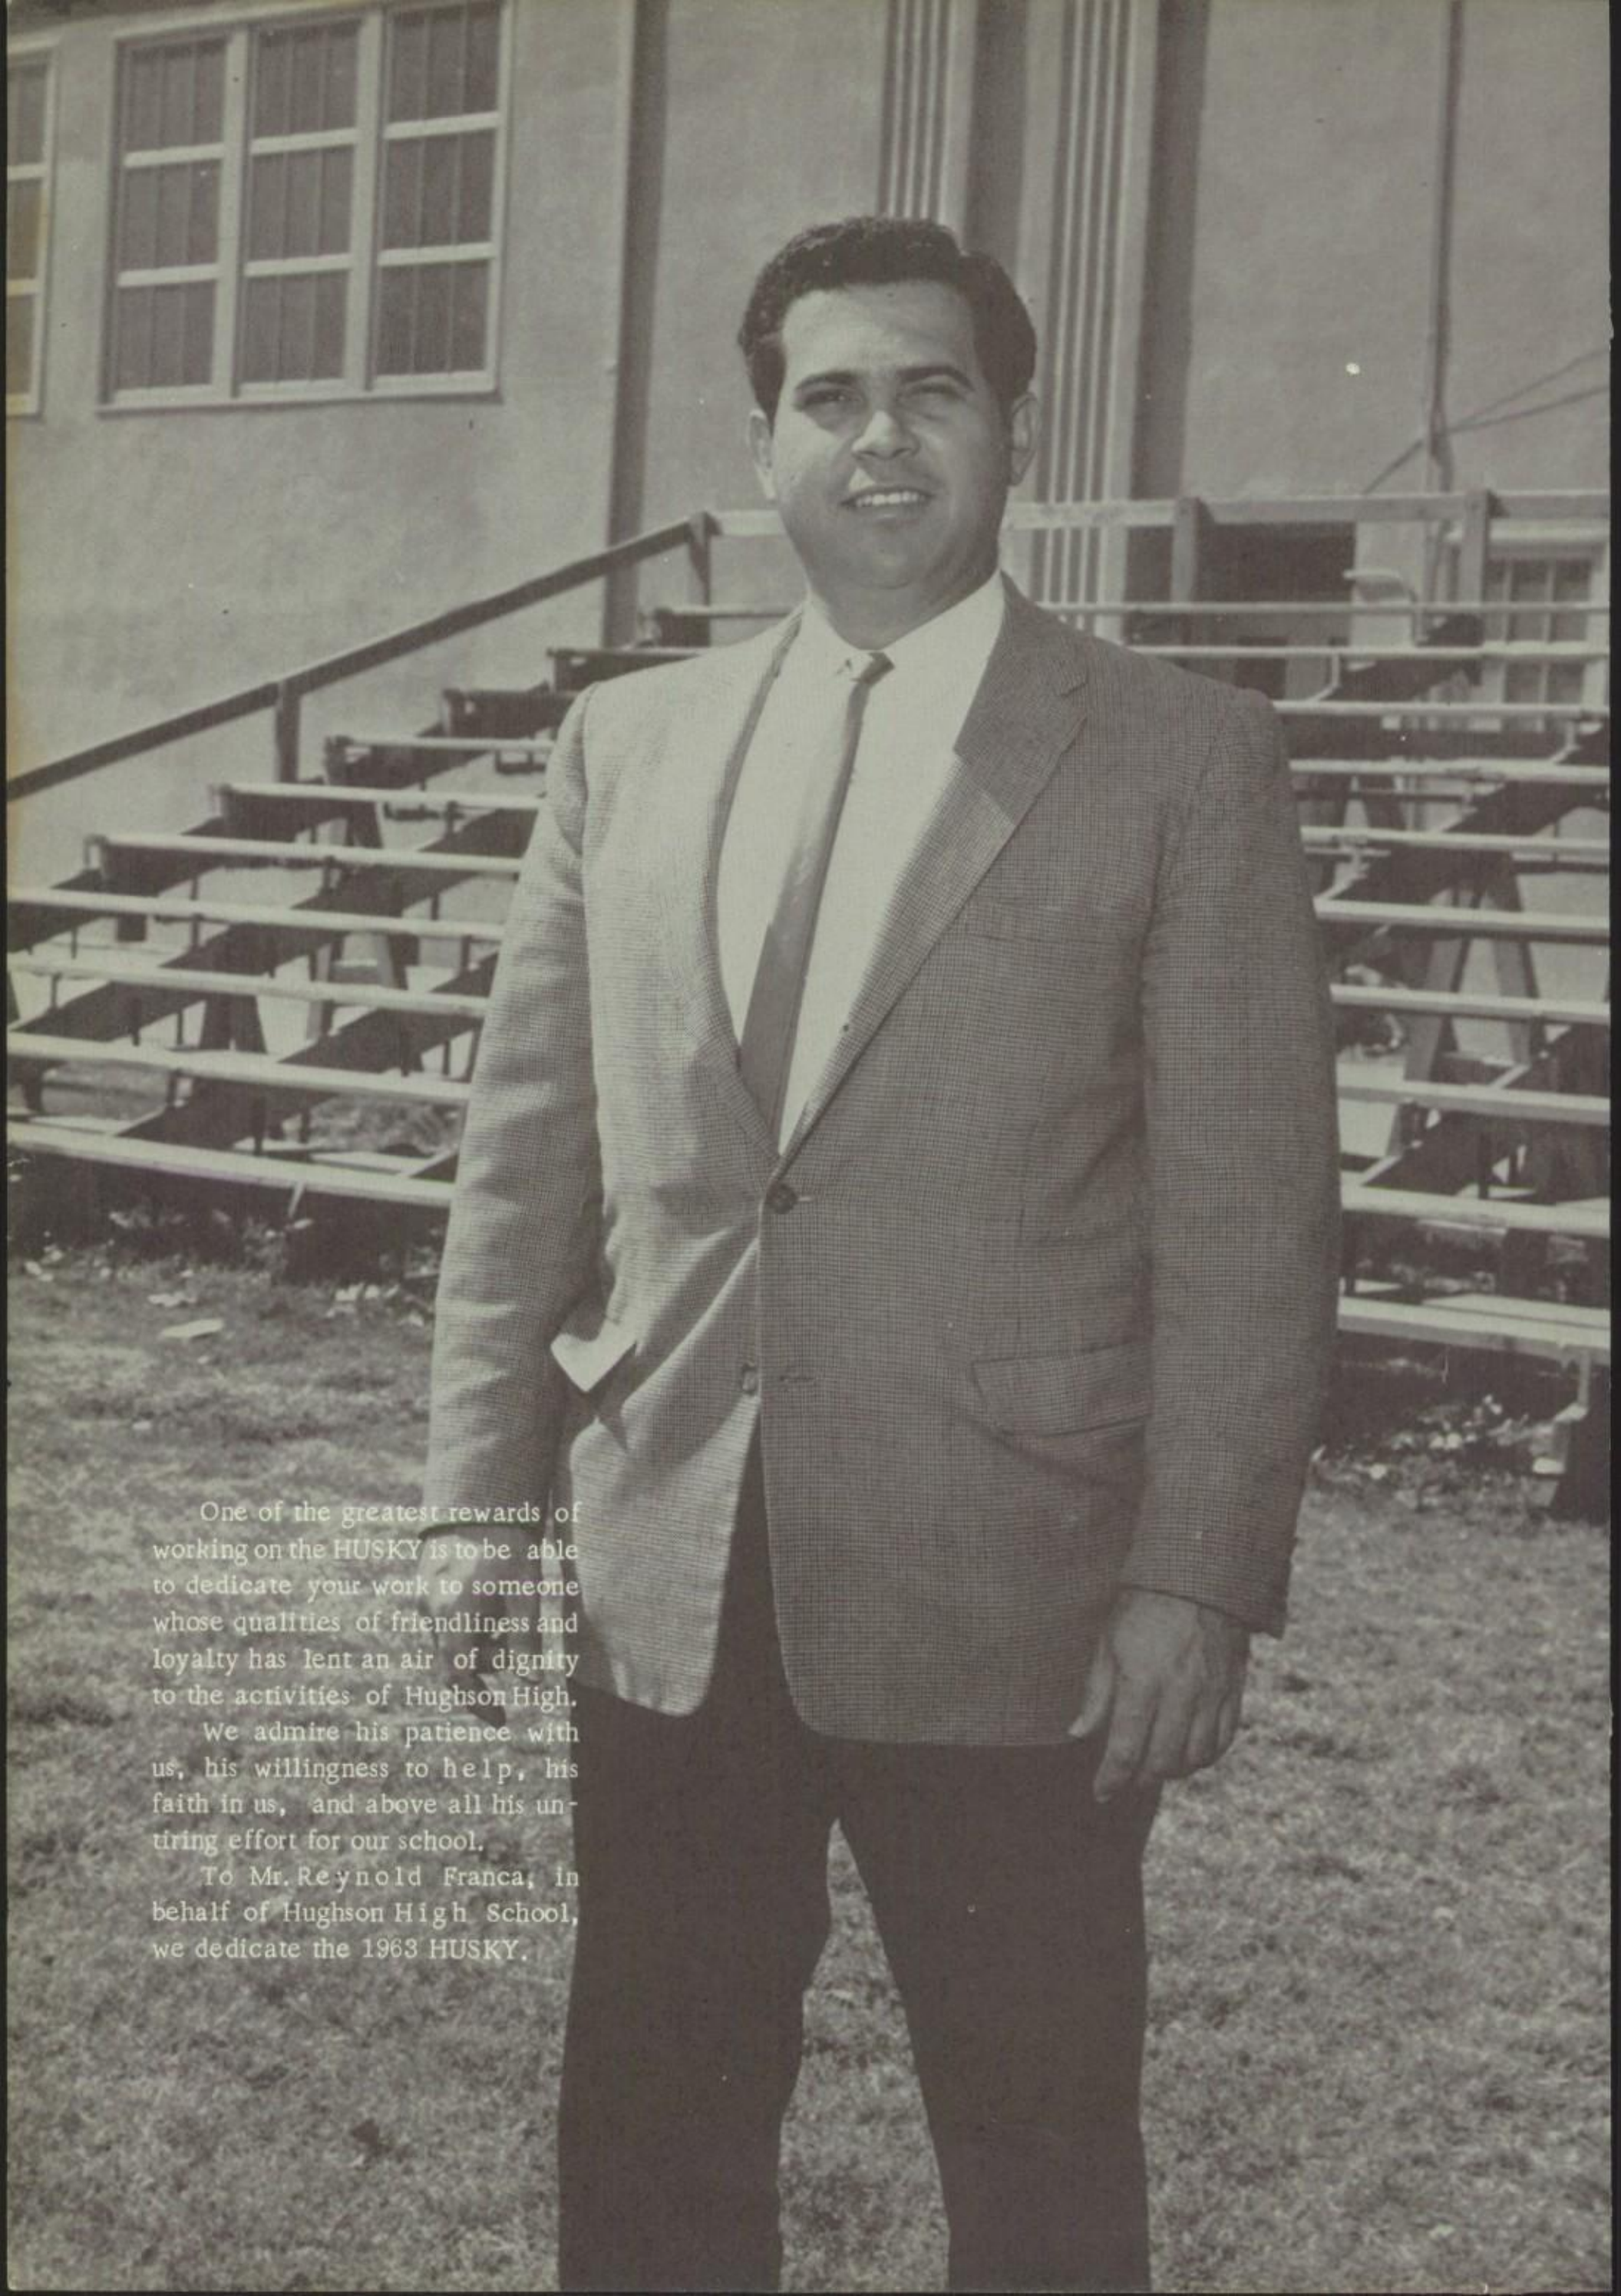
**VOL. 49** **HUGHSON, CALIFORNIA**

Don't you and Ken do anything Mr. Root and I wouldn't do this summer. But while you at it have fun. All be looking forward to seeing you.
Love Ken Klein



One of the greatest rewards of working on the HUSKY is to be able to dedicate your work to someone whose qualities of friendliness and loyalty has lent an air of dignity to the activities of Hughson High.

We admire his patience with us, his willingness to help, his faith in us, and above all his untiring effort for our school.

To Mr. Reynold Franca, in behalf of Hughson High School, we dedicate the 1963 HUSKY.

# SCHOOL STAFF

KATH, you HAVE REALLY BEEN AN UNDERSTANDING FRIEND AND I DON'T KNOW WHAT I WOULD HAVE DONE WITHOUT you.

HOPE I will see you some-time this summer. BE GOOD TO KEN CAUSE I'm SURE HE THINKS A LOT OF you, AND DON'T GET JEALOUS of Any other girls.

Kathy- You're a doll. Have a ball this summer. Don't work too hard. Love ya,
Sandy

Someone said that instructed and intelligent people are always more decent and orderly than ignorant and stupid ones. In my mind the most desirable way to achieve an intelligent society is through creative and cooperative actions of youth and adult. The mutual respect and cooperation of these two segments of our school society will become immediately obvious to anyone who studies the pictorial history of the school year in this Husky. My congratulations go out to a fine staff.

On the loose.

Let me show you.

You'd better believe it!

The senior year brings a new maturity to everyone. From the very beginning of the year the talk is about what lies ahead in the future. It is a year of planning. The senior class has been a group of students working and doing things together for four years. Now upon graduating each student has chosen the path he will follow and will go his separate way to accomplish his goal in life.

Kathy — you didn't cause JB enough trouble this year. maybe you'll get another chance next year

K. L. Pies

Hon — Well I made it through the year with only a few minor mishaps. Afterall you can't expect a mild boy like me to perfect. Just think, next year we will be the big bad seniors. It should really be fun. I hope I did not make you too mad at me in English with Bullard this year. Looks like I won't be checking out as much next year with the Ag. pickup in the shape it is. I'm glad you made it through algebra. Sue is sure doesn't seem like school should me out put glad it is aren't you! I sure hope things) are better this summer than they were last year. And I honestly don't care what you do during the days. (Swimming, I mean) and you don't have to find a job. Everyon has been telling you to be good to me so you better. If you go to Santa (you letter) Cruz with Judy you be a nice girl. (I know you will) Next year I hope I will be picking you up in a 1962 Pontica instead of the Green Maggot. And no matter what anyone says I don't want you to go to Vic Sammys. I sure hope you come to the football games next year (to protect me from those mean boys) I hope you like the coat. It's not the best but I will do till I grow up and get rich! If it takes me all summer I'm going to learn how to ski on a single.

Just like everybody said your the nicest, sweetest and prettest girl in school and I Love Ya

P.S. I'm going to get a flat top and cut my mighty beard grow!

Hey Babe!
It sure has been fun going to school with you. It's been an experience. Our discussions have been frank and realistic. Take it easy on Ken (he can't take it) (you are too much for him). Good luck this summer and I hope I see you this summer! The "4" of us are going to have a party this summer!
-Ed.-!

P.S. Ken isn't always what you said he is when you are mad. - I know you will last! - Remember the pinch!! I am going to do it. It won't feel too good (not really it will feel good)

It's really been fun knowing and I'm looking forward to next year.
Lots of luck always,
Deedee
